SGA Resolution 5-20-S

A Resolution to Decrease Nicotine Usage at Middle Tennessee State University

Whereas: Many students are not aware of the Vape and nicotine usage at Middle Tennessee State University.
Whereas: There are currently little efforts to make the more well-known among students.
Whereas: In the past, Middle Tennessee State University has made efforts to decrease cigarette smoking in campus, but no efforts to decrease the use of vape products.

THEREFORE, LET IT BE RESOLVED BY THE 82nd CONGRESS OF THE STUDENT GOVERNMENT ASSOCIATION OF MIDDLE TENNESSEE STATE UNIVERSITY

THAT:

Section 1: Health Promotions will partner with registered student organizations to bring awareness to nicotine addiction by a variety of events, such as tabling. Health Promotions and Organizations must have tables on campus, in highly visible locations such as the Student Union, Keathley University Center, & James E. Walker Library. The objective of the tabling will be to advertise the quitting of vape products, and to eliminate the stigma of vaping.

Section 2: The activities and collaborations with students and student organizations will be at the discretion of the Middle Tennessee State University’s Student Health Promotions.

Section 3: This resolution will take effect upon favorable passage.

Sponsors: Sen. Daniel Dupuy (College of Behavioral and Health Sciences)
