

Division of Student Affairs and Enrollment Management

The Division of Student Affairs and Enrollment Management comprises three independent units that are designed to operate collaboratively in pursuit of the overall goals and mission of the division and the University. Student Life, Academic Support Services, and Enrollment Management share a common purpose of providing hands-on learning opportunities that help students integrate academic and personal growth. Effective enrollment services and other educational partnerships and programs encourage the development of student leadership, campus involvement, and personal responsibility and accountability and promote the creation of meaningful campus rituals and traditions and an inclusive and supportive learning community.

Recognizing that an integral part of the university experience and the individual student's personal development take place through activities outside the formal classroom setting, the Division of Student Affairs and Enrollment Management implements programs and services designed to complement the classroom experience and prepare students to be educated and productive members of society. The University also recognizes that whatever affects a student outside the classroom affects the student inside the classroom. Therefore the Division of Student Affairs and Enrollment Management seeks to accomplish two general goals. The first is to take care of students' needs by providing the services necessary to support students' learning environment. The second is to enhance the academic community by providing opportunities to facilitate social, intellectual, physical, and emotional growth; to assist students in becoming actively involved in campus life; to serve as an advocate for student concerns about the University community; and to encourage an environment responsive to individual differences and representative of the diversity of MTSU's population.

The Office of the Vice President for Student Affairs and Vice Provost for Enrollment Management

The role of the vice president for Student Affairs and vice provost for Enrollment Management is to be the primary advocate for all students. It is the responsibility of the vice president and vice provost to manage the division so that the best interests of students, individually and collectively, are always given the priority they merit. Although the average student

has little actual contact with the vice president and vice provost, it is vital for every student to recognize that the vice president and vice provost is his/her advocate and that every student has a right to meet and seek assistance. The Office of the Vice President for Student Affairs and Vice Provost for Enrollment Management is located in KUC 212, (615) 898-2440.

Student Life

The Student Life unit includes those programs that provide students with opportunities for involvement and expression, service to the community, and leadership development. Specific programs/services include

Adult Services Center

The Adult Services Center serves as an information and referral center for students, especially for those returning to formal studies or beginning college for the first time as adult learners. The center is an advocate for the needs of adult learners. Workshops designed to help the adult learner succeed in entering college are offered. Located in Keathley University Center, Room 320, the center helps make available the services of various other University offices to students on campus at hours other than regular business hours. Students may pick up a variety of forms so that their concerns may be forwarded to the appropriate offices. The center also provides a place to meet and share ideas with other adult learners. A student organization called OWLS (Older Wiser Learners) is coordinated through the center. Additional information is available by calling (615) 898-5989.

Campus Recreation

The Campus Recreation Office administers a comprehensive recreation program for MTSU students and faculty and staff members. The Recreation Center, which houses the office, is undergoing an expansion to better serve the MTSU community. The facility when completed (target date of January 2007) will be almost 220,000 sq. ft., and the total cost of the expansion will be more than \$34 million. The current 141,000-sq.-ft. facility houses six basketball/volleyball courts; six racquetball courts; a three-lane indoor track; a 4,000-sq.-ft. aerobic room; more than 8,000 sq. ft. of free weights; selectorized machines and cardiovascular machines; an indoor swimming pool, 33 meters x 25 yards, with water slide and diving board; equipment checkout; locker rooms; indoor and outdoor juice bars; a rock-climbing wall; a 4-ft. deep outdoor swimming pool and sun deck with four sand volleyball courts adjacent; and a challenge course that also includes an Alpine climbing tower. In addition to the center expansion, the department has acquired the Paschal Farm, a

former walking horse training facility on East Main Street, to develop a Sports Club Complex. The complex will house a sports club/intramural facility, a natural running/walking track, and four sports fields. The Recreation Center is open seven days a week during the Fall and Spring semesters and the Summer term. The center closes during fall break, Thanksgiving holidays, Christmas holidays, and spring break. The schedule may be adjusted during other University holidays and for certain special University events. More information on programs or the center may be obtained by contacting the Campus Recreation Office at (615) 898-2104 or by viewing the Web site at: www.mtsu.edu/~camprec.

Conduct that adversely affects MTSU's pursuit of its educational objectives, that violates or shows a disregard for the rights of others in the community, or that endangers citizens of the community or their property is subject to disciplinary sanction. MTSU has developed a student judicial system that emphasizes personal accountability for misconduct but is also fair and consistent with students' rights to due process. In addition, MTSU offers mediation as an alternative form of conflict resolution to assist individuals in developing their own solutions to conflict situations. More detailed information with regard to student conduct may be found in the *Rights and Responsibilities of Students at MTSU* publication or by contacting the assistant dean for Judicial Affairs and Mediation Services, Keathley University Center, Room 326S, (615) 898-5812.

RLC members belong to small groups of 25 students each who enroll as a group in at least two courses in the fall semester and one in the spring semester. Course blocks usually include University 1010 and one other General Education course. On-campus RLC students are assigned to shared living space within the First-Year Experience Programs in Cummings and Corlew Halls. RLC participants who live off campus or at home are encouraged to make Cummings and Corlew Halls their "home base" on campus and to enjoy the facilities and services provided in these halls. Many students find the RLCs give them a built-in group of friends and academic colleagues, enhancing the first-year experience. For
