The College of Liberal Arts, through its ten academic departments and one school, educates and serves all MTSU students in the University's General Education Program; offers graduate and undergraduate majors, concentrations, minors, interdisciplinary programs, and teacher preparation programs; and provides a wide variety of cocurricular activities including lecture series, concerts, performances, and exhibitions. With diverse programs in the humanities; social and earth sciences; and visual, performing, and communication arts, the college brings together an outstanding faculty and students to form a community devoted to life-long learning, scholarship, research and discovery, and public service. Through both curricular and cocurricular offerings, the college also seeks to enrich the University and regional community with scholarly and cultural activities designed to promote among all University citizens and patrons a broad knowledge of liberal arts disciplines; a commitment to continual intellectual growth; the ongoing improvement of skills that enhance communication, problem-solving, and creative and critical thinking; and a global perspective that supports an appreciation of the cultural diversity within our region and beyond.

Following are the curricula, courses, and specific requirements for majors, concentrations, minors, and interdisciplinary programs offered or coordinated by each of the academic units within the college.

THE FUNCTION OF EDUCATION IS TO TEACH ONE TO THINK INTENSIVELY AND TO THINK CRITICALLY.
INTELLIGENCE PLUS CHARACTER - THAT IS THE GOAL OF TRUE EDUCATION.
BE NOT SIMPLY GOOD; BE GOOD FOR SOMETHING.
