Chemistry to Environmental Chemistry

Engineering Technology and Industrial Studies

CMT Change Major from Construction Management
Technology to Construction Management

Military Science

MS 3140 Proposed new course

The following proposal was tabled for corrections to the proposal:

Physics and Astronomy

Astronomy Establishment of a Minor in Astronomy

Due to Wendy Koenig being unable to take the position of Chair next year, the committee voted on a replacement for the Vice Chair Position. Helen Binkley and Foster Amey were previously nominated and ballots were given to members with space allowed for write-ins. The vote was a tie. The committee agreed for the chair to contact the absent committee members to get their votes and the Vice Chair will be announced at the next meeting, which will be held April 24, 2008.

There was no other business and the meeting was adjourned.
