Agreement Conditions

C14-0039

This contract shall commence on July 1, 2013 and continue in perpetuity. In the event that either institution finds it necessary to cancel or amend this Memorandum of Agreement, notification should be made in writing to the signatories below at least one year preceding the date of termination or request for renegotiation. Any student who is in the program at the time of any modification or termination shall be allowed to finish the degree and certification. This MOA does not supersede or replace any other articulation agreement currently in place between the institutions.

1. Each institution is obligated to notify the other of changes in curricula, degree requirements, and admission requirements.
2. MTSU and ChSCC will share marketing responsibilities pursuant to this agreement regarding recruitment, placement, and advising current and future students. This will include posting current program information on departmental and advising websites.
3. MTSU and ChSCC will both announce, arrange, and provide facilities on their respective campuses for advising and admissions personnel to conference with students who are pursuing this pathway between institutions.
