

SGA Resolution 29-03-F

A resolution to change part of the Greek Row parking lot to accommodate green passes.

Whereas: Greek Row activities effect students that do not necessarily live on Greek Row,

Whereas: Currently there is little parking for those with Green passes,

Whereas: The lot beside the Sigma Alpha Epsilon house contains open spaces,

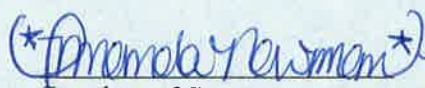

Whereas: The forthwith state lot is accessible to the recreation fields,

Therefore, let it be resolved by the 66th Congress that:

Section 1: Upon passage, the back curve of spaces adjacent to the Sigma Alpha Epsilon house be converted to accommodate green parking pass holders.

Section 2: This resolution be sent to the Traffic Committee for further discussion and action.

By: Senator Paul Vick, College of Mass Communications
Senator Ashley Elizabeth Graham, College Liberal Arts

Speaker of Senate

SGA President

VP of Student Affairs
