

SGA Resolution No. 17-04-F

A Resolution to make the BAS computer lab more accessible to disabled students.

Whereas: The outside doors to the BAS computer lab open electronically, but the inside doors do not.

Whereas: There is a gate for students with disabilities to enter the lab after scanning the card, but it does not open automatically.

Whereas: Both of these issues represent hindrances and inconveniences for disabled students to enter the lab.

Whereas: The BAS computer lab is open twenty-four hours a day and is one of the most widely-used labs on campus and includes several stations designed for students with disabilities.

THEREFORE, LET IT BE RESOLVED BY THE 67TH CONGRESS STUDENT GOVERNMENT ASSOCIATION OF MTSUTHAT:

Section 1: The inside doors to the BAS computer lab shall be modified to open electronically along with the outside doors.

Section 2: The gate to enter the lab shall be modified to open automatically to make the lab more easily accessible to students with disabilities.
