RE: SGA Resolution 9-08-F

DATE: December 3, 2008

The attached legislation requests that the speed limit on campus be increased from 15 to 20 miles per hour. Students believe that an increase in the speed limit will improve traffic flow on campus. I am of the opinion that raising the speed limit will lead to increased safety concerns on a campus where we have a substantial amount of foot traffic. However, I am required, per the SGA Constitution, to forward this legislation to the appropriate individual for a response.

We generally ask the appropriate department(s) to provide some timely response to SGA legislation. In the immediate instance, I believe it would be appropriate for both Events and Transportation and Public Safety to review the SGA's recommendation and provide a response to me within 30 days. Please contact Sondra Wilson, SGA President, or Dr. Gene Fitch if you have any questions regarding this legislation.
