SGA Resolution 2-14-F

Senator Woods reads the resolution to add software to all campus computers and moves for favorable passage

Seconded

Woods exercised right for first debate: explains it more in detail and lists why the resource materials are important for the blind community on MTSU's campus. The software is free for campus already and implementing on all computers across campus decreases the amount of time for conversion.

Votes: motion passes unanimously

SGA Resolution 3-14-F

Senator Woods reads the resolution to add video surveillance cameras across the campus and moves for favorable passage

Seconded

Woods exercised right for first debate: did research. Looked at police reports online dating back to 2010 and made a note of where crimes happened the most and placed cameras accordingly. Estimated cost for 20-30 cameras would be \$20-30,000, thinks funding should come from residence life.

Senator Hardman questions if we can add a section 5 and if it would be beneficial
Dr. Kelley does not think the amendment would be effective at this time

Senator Hardman makes an amendment to change "both" to "all" in section 1

Votes: motion passes
